

## Information Technology Outsourcing Services

*Information Technology Outsourcing Services from The PinPoint Group enhance efficiency, minimize cost and increase the uptime of your critical IT systems. Once you establish a relationship with our team, we bring our services on-site at your location, allowing you to focus on your core business objectives.*

**IT Infrastructure Management** — Our IT Infrastructure Management services go far beyond conventional helpdesk services to include complete network management, distributed systems integration, wide area networking, security, and desk-side support outsourcing. Our team of network professionals is cross-trained in multiple technologies so that we can solve your problems efficiently and effectively.

**Consulting Services** — Our IT professionals keep abreast of the latest in Information Technology so that we can inform you of technologies that can benefit your business. We will provide you with a Technology Plan that will guide your use of technology within your organization.

**Tools and Technology** — We offer a comprehensive suite of modern tools designed to boost productivity and performance of any IT outsourcing projects. We will leverage our experiences with other businesses like yours to provide you with realistic solutions that will add real value to your business.

**Commitment to Excellence** — Our success in turning this commitment into action can be seen by the number of happy customers that we have. We would be glad to share references from current clients that we have served.

For a **free**, no-risk consultation on how The PinPoint Group can benefit your organization, call us today at (585) 293-2320.

### IT OUTSOURCING SERVICES

- IT INFRASTRUCTURE MANAGEMENT
- CONSULTING SERVICES
- TOOLS AND TECHNOLOGY
- COMMITMENT TO EXCELLENCE

INFORMATION IS CRITICAL TO ANY ORGANIZATION, BUT OPERATING THE TECHNOLOGY WHICH CREATES AND PROCESSES IT CAN BE A DRAIN ON VALUABLE RESOURCES. COMPETITION AND PRESSURE TO CUT COSTS MEAN THAT ORGANIZATIONS NEED TO CONCENTRATE THEIR TIME AND RESOURCES WHERE THEY REALLY COUNT: ON CORE BUSINESS ACTIVITIES WHICH ADD VALUE, DELIVER CUSTOMER SERVICE AND CREATE PROFIT.
